ASSAM, INDIA

01 Organization Profile & Executive Summary

About the Foundation

SSR Innovative Foundation (Strategic Self-Reliance Innovative Foundation) is a Section 8 non-profit organization. The Foundation is committed to accessible training and development opportunities, strengthening education, healthcare and social service systems, supporting community-driven initiatives and building institutional and professional capacity through inclusive approaches.

Registration Snapshot

Legal Status	Section 8 Company under the Companies Act, 2013
Corporate Identification Number	U88900AS2023NPL025172
PAN	ABLCS6625G
Income Tax Approvals	Approved under Sections 12A and 80G of the Income Tax Act, 1961

Vision & Mission

OUR VISION

A future where everyone has the opportunity to thrive and reach their full potential.

OUR MISSION

To provide accessible training and development opportunities; strengthen education, healthcare and social service systems; support community-driven initiatives and advocacy; conduct research; and build institutional and professional capacity through evidence-based and inclusive approaches.

Executive Summary

During FY 2023-24, SSR Innovative Foundation documented two major community initiatives in Assam: a children's painting competition in Guwahati and a free health camp and medical check-up programme in Sonapur. The painting competition engaged 70 children from government and private schools, while the health camp provided consultation and medicines to 205 beneficiaries.

The activities demonstrate an early focus on child development, community participation and accessible healthcare. Both initiatives were implemented with support from schools, healthcare professionals and community stakeholders, providing a foundation for future programme development and partnerships.

02 FY 2023-24 at a Glance

03 Painting Competition

12 November 2023 | Bihu Field, Ghorama Chariali, Bhetapara, Guwahati

SSR Innovative Foundation organized a painting competition to promote artistic expression, creativity and confidence among children from different educational backgrounds. The activity provided young participants with a platform to showcase imagination and artistic skills.

Children participating in the painting competition

Participation by Category

Class Group	Category	Theme	Participants
KG to Class II	A	No Theme	15
Class III to V	B	Festival	33
Class VI to VIII	C	Environment	22
TOTAL			70

Judging Process

A panel of experienced judges from the art community evaluated entries on creativity and originality, artistic technique, adherence to the theme, and overall presentation and expression. The judging process was documented as fair and transparent.

Outcomes

- Encouraged creative thinking and artistic skills among children.
- Supported confidence and self-expression among participants.
- Promoted awareness of festival and environmental themes through art.
- Strengthened community engagement and participation.
- Received positive feedback from participants, parents, teachers and school authorities.

Acknowledgements

The report acknowledges Mr. H. Nongyai and Mr. Diganta Sarma as Chief Guests and Dr. Utpal Bordoloi as Judge, whose support contributed to the successful conduct of the competition.

04 Painting Competition – Prize Distribution & Creative Highlights

Prizes and certificates were distributed on Children's Day, 14 November 2023

Following evaluation, winners and runners-up were selected from each category. Prizes and certificates were distributed by visiting the respective schools, and the initiative was appreciated by school authorities, students and parents.

Competition Reach

The event engaged 70 children across three class groups, with themes ranging from open creative expression to festivals and the environment.

What the Activity Demonstrated

- Ability to engage children from government and private schools in a structured activity.
- Use of age-appropriate categories and themes to support creative participation.
- Follow-through through school-based prize and certificate distribution.
- Community and school engagement around children's creativity and confidence.

05 Free Health Camp & Medical Check-up

28 January 2024 | Oujari ME School, Sonapur, Assam

SSR Innovative Foundation organized a free health camp and medical check-up programme in collaboration with SJN Homeopathic Medical College & Hospital, Panjabari, Guwahati. The activity aimed to provide accessible healthcare services to the local community, particularly children, women and elderly persons.

Medical consultation during the camp

Registration and beneficiary participation

Medical Team & Services

The camp was supported by homeopathic doctors, medical interns, pharmacists and support staff. Services included general health check-ups, basic diagnosis, consultation and distribution of medicines as prescribed by qualified homeopathic practitioners.

Beneficiary Profile

Age Group	Male	Female	Total
0-5 Years	15	12	27
6-15 Years	10	21	31
16-30 Years	13	32	45
30-45 Years	25	31	56
Above 45 Years	27	19	46
TOTAL	90	115	205

The activity report notes higher participation of women and children and identifies a need for continued community-based health interventions.

06 Health Camp – Outcomes & Community Response

Common Health Concerns Observed

- Fever and seasonal infections
- Gastric and digestive disorders
- Respiratory issues such as cold, cough and asthma
- General weakness
- Skin allergies and fungal infections
- Joint pain and arthritis
- Nutritional deficiencies

Key Outcomes

- Provided free medical consultation and medicines to 205 beneficiaries.
- Increased awareness regarding preventive healthcare and hygiene.
- Encouraged early diagnosis and timely treatment-seeking.
- Strengthened collaboration between educational institutions and healthcare providers.
- Built community trust and highlighted the need for regular health check-ups and follow-up camps in rural areas.

Community Response

The camp received support from school authorities, parents, guardians and local residents. Beneficiaries expressed satisfaction with the consultation and medicine distribution documented during the programme.

07 Year-End Outcomes & Way Forward

What the Year Demonstrated

- Capacity to organize structured activities for children and communities in educational and community settings.
- Engagement with schools, healthcare professionals, parents, guardians and local residents.
- A focus on practical community benefit through creative development and accessible health services.
- Partnership-based implementation, including collaboration with SJN Homeopathic Medical College & Hospital for the health camp.

Priorities Emerging from the 2023-24 Activities

The documented activities and conclusions indicate the value of continuity and follow-up. Potential directions arising directly from the report include:

- Continue child-focused activities that promote creativity, confidence and participation.
- Organize regular community health check-ups and follow-up camps, particularly in areas with limited access to services.
- Strengthen partnerships with schools, health institutions and community stakeholders.
- Use documented participation and beneficiary data to support future programme planning and proposal development.

Closing Note

FY 2023-24 documents SSR Innovative Foundation's community engagement through a children's creative activity and a free health camp. The year provides an initial evidence base for future programme development in education, child engagement and community health, supported by partnerships and community participation.
